

# THE ROAD TO KIJABE

## NEWS OF THE PASZALEKS' PROGRESS TOWARD MOFFAT COLLEGE OF BIBLE IN KIJABE, KENYA

April, 2006

### OUR STORY SO FAR...

The Lord has called Kevin, Linda, John and Johanna to move to Kijabe, Kenya in East Africa where Kevin will teach Kenyan pastors and Christian workers at Moffat College of Bible, mentor students (along with Linda), and bring in short term mission trips to work with moffat graduates. Please **pray** that the Lord will bring this vision to pass. For more details see...

### OUR NEW WEBSITE

<http://www.missiontriptools.com/Kenya/index.html> Please **pray** God will use it. And by the way,...

### THIS IS A PERMANENT MOVE!

Some friends got the (understandable) impression that we were going on another short term mission trip. But are moving to Kenya permanently. We'll be back periodically for home assignment, but our main address will now be in Kijabe! Please **Pray** for all the sorting, packing, etc. **Pray** for our adjustment to living in another country and leaving our friends and family behind. If this seems drastic, you might ask...

### IS THIS REALLY NECESSARY?

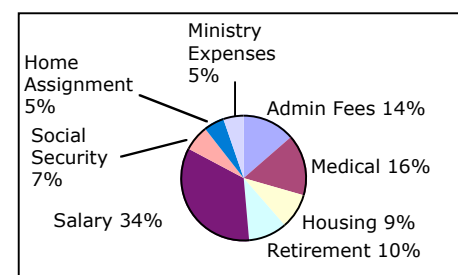

Kenyan Pastor Joseph Ngigi says being a pastor in Kenya: "...means sacrifice of all that one has. It means you must be ready to serve even when you have no salary from [church] councils like we are doing today. It means acting like a chief in village because of the load of work. There was a time I was assigned four churches which were between five and seventy KM apart. My main work was to solve problems and serve holy communion. Therefore, it is a great work of great tears and great joy." More pastors are needed to reduce the burden on pastors and to protect and nurture the church. **Pray** for the pastors of Kenya. God has called us to help them, starting on...

### OUR NEW DEPARTURE DATE (LORD WILLING)

We'll be leaving the U.S. around January 7, 2007. The date was postponed because our arrival in August didn't really fit with AIM's usual program in Kenya. **Pray** for Johanna's grades not to suffer because of the timing. This also gives us more time to get ready to leave and ...

### RAISE SO MUCH SUPPORT

\$5227.00 monthly seems high, but only 34% of our support is salary. The rest is AIM's cost of having an employee (us). God has brought in commitments for 25% of our monthly support. AIM Kenya Branch now says to raise \$20,000 to help build housing for us, which will belong to Moffat, not to us. See the website for details about all our support needs and how to help. Please **pray** for more partners in prayer and finances!
